DISCOUNTS Available: We have endeavored to price all of these pieces at or below current collector market prices. Nonetheless we recognize that orders for larger quantities of different pieces deserve special consideration. Thus any order for *at least* 3 coins totalling $100 or more will receive a 5% discount. Any order for *at least* 6 coins totalling $500 or more will receive a 10% discount. This discount will be based on what you order not what we still have available!

After an eighteen month hiatus, we finally present another Freeman Craig & Company fixed-price list. Since that list 66 was issued, we have handled four auctions and presented three "Sierra Coins" pricelists. Some will wonder why we choose not to offer our better quality material on a normal pricelist; the reason is not oblique. We have noted that, since 1979, coins over $100 tend to elicit more collector interest in auctions or by private-treaty discussion. Pricelists remain viable for less expensive items and for rare pieces that have problems (i.e., pieces that appear to be bargains). This list should indicate whether this assertion remains current.

Actually we suspect that fixed-price lists should again be worthwhile since most collectors are comfortable and satisfied within this mode. Certainly the investors and speculators never did like them but those individuals have all but deserted the numismatic marketplace.

This list should also indicate to many casual collectors just how far prices have receded in the past forty months. The many collectors who "stopped" in 1979-1981 would probably be both wise and happy to rejoin the ranks at these new lower price levels. Along this line, we have indicated in several cases where specific coins have been reduced by up to 55%. Of the coins remaining in our inventory that were purchased in 1980-1981, our average current asking price is about 75% of our original *cost*. Such realistic prices should encourage collectors.

We expect to continue to curtail the number of under-$100 items we handle. With the addition of Maya Craig to our family, Marney and I want to devote additional hours to our family life. This extra time will come from those hours previously devoted to the more inexpensive items. We hope that knowledgable dealers like Holland Wallace, Dale Seppa and Louis Hudson will be able to meet your needs in that area.

For the next couple of years we plan to have two auctions and one or two pricelists per year. Actually we now place about 40% of our better acquisitions with collectors via private negotiation. If you are serious about wanting a few specific rare pieces, you should consider discussing them with us.

The numbering of our recent pricelists and auctions is presented for those who "collect" them: #53 - pricelist (f.p.l.) Jan 1980. #54 - auction 5/8/80. #55 - f.p.l. 10/80. #56 - f.p.l. 11/80. #57 -f.p.l. 2/81. #58 - auction 3/31/81. #59 - f.p.l. 8/81. #60 - f.p.l. 10/81. #61 - auction 10/30/81. #62 - auction 11/17/81. #63 - auction 3/31/82. #64 - f.p.l. 7/4/82. #65 - auction 11/9/82. #66 -f.p.l. 4/83. #67 - auction 5/10/83. #68 - auction 4/5/83. #69 - auction 11/21/83. #70 - auction 5/8/84.

Our next auction will be November 14; catalogs will be mailed to overseas addresses around October 1 and to USA addresses on October 15.

We continue to be serious buyers for rare and choice Latin American material (some dealers infer that we are the most active single buyer!). Please let us know what you have for sale.

Also please do note our *current preferred address* is *not* our Sausalito box but rather our new one in Mill Valley. These two boxes are only seven minutes apart but the new one is much more convenient. We now pick up Sausalito mail only twice a week.

Regarding *Phone Orders,* do note that quite often our business phones do not get answered. Keep trying or write *or* leave a message with our good friend and fellow dealer, Holland Wallace, at 415-383-9558. Writing is the surest way.
